Unless otherwise stated, capitalised terms used herein shall have the same meanings as those defined in the Annual Report 2024, the Annual Report 2025 and the Update Announcements.

As mentioned in the Annual Report 2024 and the Annual Report 2025, ZHONGHUI ANDA has issued Disclaimer of Opinion on the Group’s consolidated financial statements for the years ended 31 December 2024 and 2025, which arose solely from going concern issue of the Group.

The Company has provided an update on the implementation of the action plans in the Update Announcements. The purpose of this announcement is to inform the shareholder and potential investors of the Company with further supplemental information in relation to the implementation of the action plans in resolving the Disclaimer of Opinion from 1 May 2026 and up to the date of this announcement as follows:

- (i) In 2024, Minsheng Bank and Ping An Bank disposed their respective debts to a PRC financial institution. The Company has submitted a revised repayment proposal and key commercial terms to the financial institution, waiving part of the principal and all accrued interest, and extending the remaining loan term within five years. Currently, the Company has provided updated financial and operational information to the financial institution. The proposal is still under their internal review. The Company is actively cooperating with the financial institution to complete the relevant procedures as soon as possible.

Besides, the Company has held several negotiations with the remaining PRC Lending Banks for major commercial terms of the preliminary repayment proposals. As at the date of this announcement, no agreement has been reached regarding the repayment proposals. The Company will actively communicate and negotiate with all relevant parties to reach a consensus as soon as possible.

Further announcement(s) will be made by the Company to inform shareholders and other investors of the Company of any material developments relating to the finalization of the repayment proposals as and when appropriate.

- (ii) Currently, the Company has communicated with the relevant professionals for constructive arrangement for the buyback of the SPP Shares and feasible repayment proposals.

Further announcement(s) will be made by the Company to inform shareholders and other investors of the Company of any material developments relating to the finalization of the buyback of the SPP Shares as and when appropriate.

- (iii) The raw coal production for the three months ended 30 June 2026 amounted to approximately 1,205,000 tonnes, representing a slight decrease as compared to approximately 1,420,000 tonnes of that in the corresponding period in 2025 as mining activities were only deployed in four out of eight productive coal mines in Guizhou Province. Despite the closure of coal mines, manpower and raw materials have been reallocated for better utilization and brought along with further reduction in production costs.

Detailed analysis regarding the production and unit production cost for the six months ended 30 June 2026 will be disclosed in the coming interim result announcement to be published on or before 31 August 2026.

- (iv) The Company kept on imposing control over general administrative costs and actively assessing additional cost-cutting measures to further reduce spending.
- (v) The Company is planning to dispose certain non-performing assets and is actively approaching potential investors to generate additional cash inflows.

The Company will continue to use its best endeavours to implement the Action Plan with an aim to resolving the Disclaimer of Opinion as soon as possible. The Company will publish further announcement(s) to keep the shareholders and potential investors of the Company informed of the status of implementation of the Action Plans as and when appropriate.
